**ROOT AND VEGETATIVE DEVELOPMENT  
INDUCING FLOWERING AND FRUCTIFICATION**

Organic Liquid Rooting Fertilizer for Cannabis - Development Rooting and Vegetative Development as well as Flowering and Fructification inducer for all types of Cannabis varieties.

KEEPS YOUR PLANT'S ROOTS STRONG AND HEALTHY. ENCOURAGES ROOTING and VEGETATIVE DEVELOPMENT as well as FURTHER BLOOMING AND ABUNDANT FRUCTIFICATION - Doctor Leaf HUMUS is a 100% organic rooting agent whose application induces rooting and vegetative development. At the same time, it is applied in flowering and fruiting stages acting as an inductor of these stages.

BIOSTIMULATING FERTILIZER WITH ENRAIZING ACTIVITY - Its biostimulant activity unblocks nutrient absorption, accelerating plant development. Prevents and helps to overcome stress and phytotoxicity situations. Improves crop establishment and the early development of the plant.

100% ORGANIC ROOTING - Doctor Leaf's HUMUS Organic Liquid Rooting Fertilizer has been carefully formulated with 100% natural and organic plant-derived ingredients including essential amino acids, fulvic acids, organic NPK and compounds of Boron, Manganese, Molybdenum, Copper, Zinc and Iron.
